

APPLIED TRAINING FOR INSURANCE PROFESSIONALS

IPT INTERMEDIATE

- > Understand the complex principles of IPT
- > Understand the importance of breaking the classes of business down further
- > Gather an awareness of funds, pools & complex parafiscals
- > Understand lead & co-insurers responsibilities
- > Understand complexities of licensing/passporting
- > Understand policies written by non-admitted permitted insurers
- > Gain understanding of the basics behind premium allocation
- > Calculation of complex IPT, parafiscals, pools & funds
- > Understand the application of a DIC/DIL master policy
- > Application of various rate models

“

Our aim is to alleviate the stress that IPT compliance puts on insurance professionals. Therefore we have designed three courses from 'Basic' to 'Advanced' with a practical approach to help clients cope and take away some tools to assist them in the future
